Rio Claro, Brazil

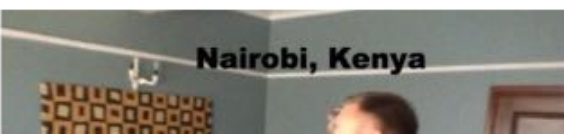

Training in 5 Countries

Much of Scott's time has been providing training, not only here in Mozambique, but also throughout Africa and beyond.

Scott did a special training in Nairobi, Kenya in February on "orality" to train a group of Kenyan missionaries. On his way home, he spent a few days in Zimbabwe to help one of our churches that is growing rapidly.

Scott traveled in May, first in Brazil to train a partner church on Missionary Evangelism. On his way home, Scott stopped in 4 cities in Mozambique and then on to Bulawayo, Zimbabwe where he continued teach on

Nairobi, Kenya

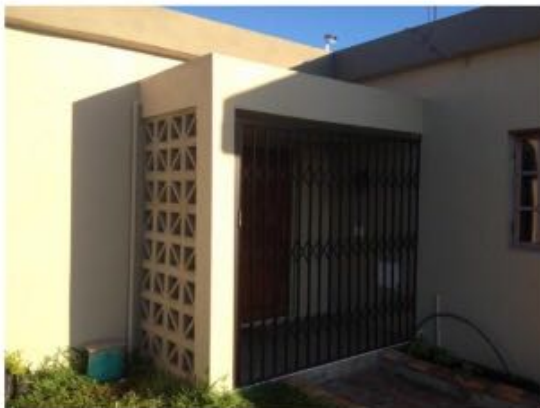

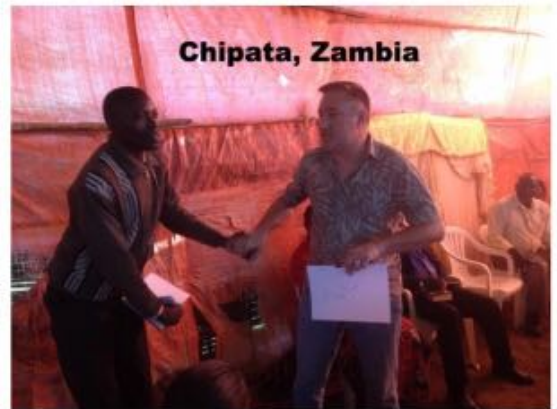

evangelism.

Scott leaves again in a few days to make his 3rd trip to Zimbabwe to teach and do additional training at their Bible school for more of the church leadership.

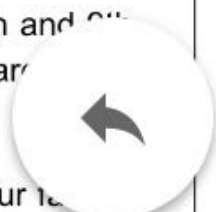

Pray that many will catch the passion to evangelize lost family and neighbors, resulting in growth for the Kingdom.

Family Update

We are all doing well. Gabriel has finished his first year at Harding University, and Mariah and Jayden are finishing 11th and 12th grades respectively. We are proud of them.

As many of you know, our home was attacked at gun point in our

home on March 17th. We have recovered physically, but understand that recovering mentally will take a bit longer.

We will to thank all of you who contributed to our emergency fund to increase the security measures at our home and cover our medical costs and costs to replace much of what was stolen. The first picture shows the new security gate over the front door and one of the cameras. The second picture shows part of the wall foundation being built. The wall isn't finished yet as we are still waiting for final approval from the city.

Your generosity and love during this difficult time humbled us beyond words. We thank each of you.
